

Alfred's background includes skilled nursing facilities, hospitals, intermediate care facilities for individuals with intellectual disabilities, emergency preparedness, response and recover, child welfare, mental health centers, assisted living facilities, and other community-based services.

Alfred has worked for the Division of Quality Assurance since 2001. Alfred has served the Division of Quality in a variety of roles, Surveyor, Regional Director, Director of the Bureau of Technology, Licensing and Education, Director of the Bureau of Assisted Living and currently Deputy Division Administrator.

While in DQA, Alfred has been instrumental in establishing collaborative statewide and nationwide working relationships with counties, care management organizations, regulators, advocates, research scientist, and industry representatives to help improve the quality of care in assisted-living, child care and child welfare settings.

Alfred served as Board President of the National Association for Regulatory Administration. 2021-2023

Alfred enjoys coaching sports, spending time with family and close friends and living by the wise words "Be kind, compassionate and forgiving to each other."
